Single Spandau Machine Gun (R)

Siemens-Schuckert D-I — Germany

Service: Apr'17 - Jul'17; a few aircraft served on the Western Front, but most were used on the Russian Front. This aircraft is a virtual copy of the Nieuport 17. Because the Germans were so impressed by the Nieuport 17, they authorized many companies to create copies. Siemens-Schuckeret responded with this aircraft which was a virtual copy.
